

Learning Habits in Geography

Ready

- Expect to **explain** your understanding in various forms.
- **Present** all your work with pride.

Respectful

- Use **empathy** and **understanding** when exploring global concepts.
- **Listen** to all points of view in the classroom and contribute constructively.

Responsible

- Swap to **green pen** during class feedback to take **notes** and demonstrate further understanding.
- Learn **key language** and apply it appropriately.

Aim High

- Use the **Online Learning Platforms** and the library to **research** and **read more deeply** into topics.
- Take all chances to **explore** the world beyond the classroom and experience Geography in the field.
- Share our ideas through **public speaking** and **class discussion**.
