

Learning Habits in Mathematics

Ready

- Take **organised notes** with good **examples**.
- Write the **question**, show a **complete method** and the **full solution**.

Respectful

- Share ideas through **questioning** and **class discussion**.
- **Listen** to others and **help** each other.

Responsible

- **Correct** any errors with a **complete method**.
- **Ask** for help or feedback if needed.

Aim High

- Use the recommended **revision resources** to prepare for assessments.
- Access the wide selection of books available from the school or public **library**.
