

Tanzania Itinerary – Explore

Team Ndimu

21st July – 16th August

Day 1 Arrival in Tanzania

Following arrival at Kilimanjaro International Airport you will be met at the airport by our local staff. They will transfer you to your accommodation, feed you and let you freshen up before the adventure really begins!

Day 2 – 3 Camp Ndarakwai

Camp Ndarakwai is our main wildlife camp and is located within a game reserve area. You'll work on a variety of projects that support the local environment and wildlife. The camp is close to a waterhole where you can view the animals from a hide at dusk.

Day 4 – 7 Camp Manyara & Safari

Camp Manyara is located next to lake Manyara, between several National Parks, making it the ideal location for your game drive. You will also spend some time at this camp working in the community on a variety of different projects and will likely have the opportunity to meet the local school children.

Day 8 – 14 Camp Kiboroloni

Camp Kiboroloni is our newest camp in Tanzania and is located close to Moshi. This is one of our larger camps and due to the space, you will have plenty of room for activities in the evenings. During your stay here, you will be working closely with the local primary school to improve their school facilities.

Day 15 – 16 Camp Kidia

Camp Kidia is located in the foothills of Kilimanjaro. The projects here focus purely on the needs of the local community. As this camp is located a little way up Kilimanjaro, the weather can be a bit colder, particularly in the mornings/evenings. You may wish to bring an extra layer!

Day 17 – 19 Usambara Mountains

You'll travel to the Usambara Mountain Range, situated in the Lushoto District of the Tanga Region, where you'll complete your 3-day trek. The tropical climate of these mountains creates a cloud forest, making it a biodiversity hotspot. During your trek, you'll come across an exceptional assortment of plants and wildlife.

Day 20 – 24 Camp Tanga

You'll travel by road to our camp at Tanga, on the shores of the Indian Ocean. The projects at this camp focus on the diverse needs of this community. You'll take part in building projects, help improve the local school facilities and inevitably play football with the locals.

Day 25 - 26 Departure

You'll return to Keys Hotel, just outside Moshi, and spend a few hours shopping for last minute souvenirs before your flight back to the UK.

Please note that due to the nature of expeditions all itineraries may be subject to change.

A typical day in camp

Each day of your expedition will bring new adventures, and there's no average day with Camps! But here's a taste of what life in camp is like.

7am – Time for breakfast

You'll wake up early in time for a delicious meal cooked by our local chefs which will prepare you for your action-packed day ahead.

8am – Head to project site

Lace up your boots and head off to the project site. You'll be staying right within the heart of the community so it's just a short trip over to projects – often accompanied by the children of the village who love to join in with our volunteers.

9am-12pm – Project work

You'll spend your morning getting stuck into important project work with the help of one of our awesome local project leaders.

12pm-2pm – A well-deserved afternoon break

After all your hard work at the project site, you'll have a couple of hours free to have some lunch and write in your travel journal or just chill out and relax at camp.

2pm-5pm – Back to projects

You'll head back to your project site for the afternoon, maybe swapping tasks with some other members of your team to work on a different part of the project.

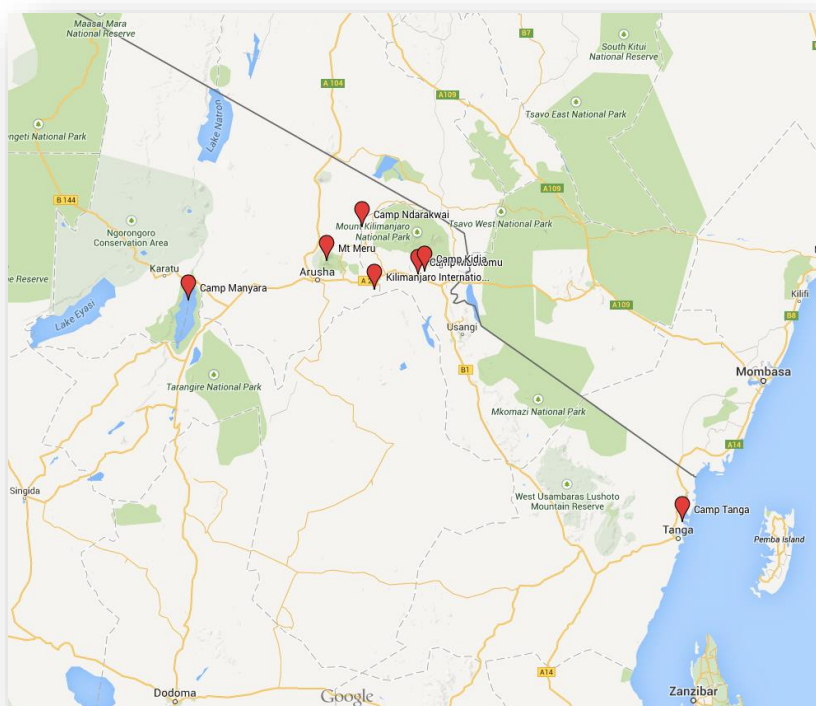

6pm – Dinner at camp

Kick off your boots and take a nice refreshing shower before tucking into a tasty dinner prepared by our Camps cooks. This could be a traditional dish from the local area or sometimes a familiar meal from home.

9pm – Time for bed

After a long day, you'll tuck yourself into bed and fall asleep to the peaceful sounds of camp.

Map of key locations

Transfer times: (Please note all transfer times are approximate)
